

MODEL 902

FEATURES

Model 902

Both standard exterior and "partitioned" interior applications requiring high light transmission and visibility are satisfied by using the durable and attractive Model 902.

Available with polycarbonate glazing.

- 2-1/8" thick construction, 6063-T5 extruded aluminum alloy with integral reinforcing fin for maximum durability.
- Exclusive, capped rail construction helps seal out the elements and adds to door durability.
- Tongue-and-groove meeting rail.
- High security design features a locking panel retainer.
- Standard finishes in high luster clear anodized or prepainted white or brown to complement most building designs.
- Available with insulated glass, DSB, plexiglass, wire glass, tempered glass, polycarbonate and aluminum panel options.
- Variety of options available to customize a door to your design and job requirements.
