

REASONABLE/STRIKING

5300 series PRE-FINISHED STEEL CARRIAGE HOUSE DOORS

This series was selected for its popularity and pleasing traditional architectural features which complement the look of numerous home styles. These doors replicate the classic look of wood with a virtually maintenance free steel exterior and Poly accent battens. The light-weight yet durable steel exterior delivers years of deserved trouble free service and protection.

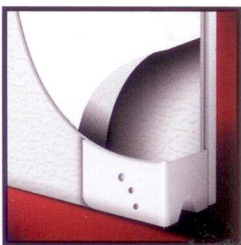

The Door to Quality.

SPECIFICATIONS

- Accent battens are laminated to the steel sections with high performance adhesives. The base sections and accent battens are then pre-finished in white, almond or sandstone before passing through an accelerated curing oven
- Interior steel skin is always white
- Squared or Arched tops available
- Optional glass is available in clear glass, glue chip pattern or seeded glass
- Faux windows are an option with the background color always being black and can be combined with all window section options
- 7/16" thick Poly pre-finished accent battens bonded to the 2" base sections utilizing high performance adhesives and vacuum pressure
- Concealed steel plates run continuously from top to bottom of each section for fastening hardware

PANEL CONSTRUCTION

Section joints utilize a tongue-and-groove design for protection from the elements. Polystyrene insulation is sandwiched between the exterior and interior steel skins.

R value* - 8.57
